

# CHIX<sup>®</sup> SC

## Sanitizer Compatible Foodservice Towels

Front-of-house and back-of-house, effective sanitation protects your customers and your business. Chix<sup>®</sup> SC towels make it easy to clean and sanitize.

Chix<sup>®</sup> SC is available in multiple colors, weights and sizes to allow you to customize for your cleaning protocol.

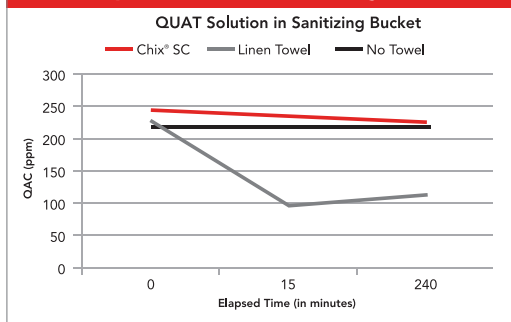

Protect your **customers**.  
Protect your **business**.

Chix<sup>®</sup> SC from Chicopee<sup>®</sup>—the easiest, most effective and affordable way to ensure surface sanitation.

- Chix<sup>®</sup> SC towels are engineered to release full-strength sanitizer to foodservice surfaces and are compatible with quaternary, chlorine and hydrogen peroxide based sanitizers
- Engineered to collect particles, rinse clean, and perform effectively for the full shift
- Superior performance and economy

Testing proves that cotton, paper, and many standard non-woven towels are not suitable for surface cleaning because they can bind with sanitizer, preventing effective concentrations of sanitizer solution from reaching surfaces.

### Outperforms cotton by 200%

3rd-party testing 11/2013
